A Select Award

Finding a wealth manager who suits your needs can be a daunting task. In fact, many consumers have a hard time figuring out where to even begin.

Sometimes, a few simple questions can set one off on the right path. Asking a wealth manager what makes working with him or her a unique experience can help you understand how they work and if their style meshes with your own. Further, asking a financial adviser to talk about any specialties they might have can help uncover skills you might find useful.

Ultimately, how do you find an experienced wealth manager who you feel comfortable working with? One who has high retention rates? One who has undergone a thorough complaint and regulatory review? One who has tenure in the industry?

Texas Monthly and Five Star Professional partnered to find wealth managers who satisfy 10 objective eligibility and evaluation criteria. Among many distinguishing attributes, the average one-year client retention rate for this year's award winners is more than 96 percent. Although this list is a useful tool for anyone looking for help in managing their financial world or implementing aspects of their financial strategies, it should not be considered exhaustive. Undoubtedly, there are many excellent wealth managers who, for one reason or another, are not on this year's list.

In order to consider a broad population of high-quality wealth managers, award candidates are identified by one of three sources: firm nomination, peer nomination or pre-qualification based on industry standing. Self-nominations are not accepted. Dallas/Fort Worth-region award candidates were identified using internal and external research data.
